Motion to pay independent evaluators \$20.00 per time at try-outs. Approved by all.

Motion to give families with more than one girl playing a \$25 discount for the 2<sup>nd</sup> girl and a \$25 discount for the 3<sup>rd</sup> girl. Approved by all. Kristen will figure out which families this affects for her bookkeeping.

Motion to allow evaluators to decide on two 18's teams or just one, approved by all.

### General Discussions:

Registration numbers are up from last year. 70 registrations!!!

Participation: Director and co-director have been contacted by a number of parents thanking us for starting our season later date as their children were not going to participate if the season started earlier.

Team formations: 16's have enough players for three teams and 18's have 9 players so one team is workable. Discussion on what to do with 3-16's teams. Agreement was reached that the evaluators would make the decision to create two 18's teams or leave it at three 16's teams and one 18's team. 12's have 16 players and 14's have 20 players.

Evaluators: Discussion on the evaluators and their knowledge of the board and the players. Melissa Blood knows no one from Sartell and Lori Fesenmaier has limited knowledge of the players.

Practice schedules: January and February are completed. Discussion on the 14's being out late on Tuesday nights due to gym time. All agreed being out late only one night should be fine. Diane will get the master calendar to Michelle for placement on the website.

Website: Michelle is getting more information on the website. Meeting set with Kathy Bartels for further training.

Our Tournament: Director has received a number of calls saying we had a great tournament last year and that they are coming back. Winter Classic registration form is on the website per Michelle under "Club Info" tab.

Coaches: 12's are still open but one interview is scheduled for next week. Amanda is checking with St. Cloud State Coaches about possible individuals.
